Also, find out where the sump goes...

I have a thumb drive we can transfer RP info to.

Lets try and meet up after the meeting to write up the PolRep, I also want to look over the logbook and get what I need, before we demobe (if we demobe - depending on meeting outcome)...

OSC Enders,

Here is a website I have found that has pictures of the fire.

The folder I obtained from Matt Bachman is quite large, there are 435 MSDS. I can transfer the folder to you tomorrow unless you have specific ones you would like tonight? Please let me know.

Thanks!

Can you see if you can track down any photos of the fire? Also, please send me the files that were on the RP thumb drive. Thanks.
